

AIRGO 100 Air Cannon™

2019

The AIRGO® 100 model is our entry level hand held launcher that connects directly to a common air compressor or tank. The Airgo features a variable range of (10-100+ft) and boasts a 16" clear lexan barrel for safety. The exclusive low pressure valve technology gets you more shots at maximum distance than any other model on the market. The remote air source makes this cannon ergonomic, lightweight, and extremely portable.

AIRGO PACKAGE INCLUDES:

- One AIRGO Air Cannon with air compressor fitting
**you will use your own air compressor hose*
- Limited Lifetime Warranty
- 2 FREE vinyl logos
