Streamer Beamer™

**New & Improved
Confetti, Streamer, Candy Cannon**

Uses 20 ounce Co2 for multiple shots

suggested optional accessories

Streamers are sold 1/2" wide by 30" long in sleeves with approx. 40 streamers per sleeve. Non-toxic and flameproof.

Slow Drop Confetti. Concert size (3/4" x 2 3/4"), over 3000 pieces, packed in a 20" sleeve ready for quick loading. When shot in the air, they slowly barrel roll to the ground.

The all new, all in one, Streamer Beamer™ is the solution to launching confetti, streamers, and candy all from one unit at the lowest possible cost. With it's standard 20 ounce CO2 tank, you can get well over 100 shots without changing cartridges. Constructed of durable machined aluminum (not cheap pvc) and aircraft grade lexan, it provides one hand operation and comes with a lifetime warranty and lifetime support.
